Pat Sayne

Incoming President of Paso Robles Rotary Club for 2017-18

It was farewell for Past President Tony Wallace (*below left*) and greetings from incoming President Pat Sayne (*below right*) this past week. Pat talked about his priorities and focus as president for the coming year. He read a thank you letter from one of our former scholarship winners,

Cameron, who graduated from the Thorton School of Music at USC and will be getting a Masters Degree in Education from CSU Los Angeles this year. Pat reminded members of all of their hard work on the Winemakers' Cookoff that funds these coveted scholarships that support our

next generation of community leaders.

One of Pat's priorities is to expand mentorships to new members beyond the traditional past presidents mentors to include any member in good standing who has been in the club for at least 10 years. He would like to extend the mentorships to 6-12 months to ensure new members get to meet all club members and to expose them to numerous opportunities to volunteer for the broad range of activities our club gets involved in. To that end, Pat invited a number of our committee chairs and service directors to speak briefly about their roles and potential roles for new members to get more involved. As an example, Koene Graves talked about her work leading the "Dictionary Committee" that partners with the local Elks Club to distribute dictionaries and atlases to grade school children. She is looking for volunteers to help with next school year's distribution efforts. It was announced that Nicolette Harley is taking over for Jennifer Sorenson as Club Service Director with Cynthia Anthony taking her role as Family of Rotary director. Pat thanked all members for their service to date and encouraged more involvement by new members.

Humor Corner

An attractive woman and a lawyer are sitting next to each other on a plane. The lawyer asks the woman if she wants to play a game, "All you have to do is ask a question and if I get it wrong or don't know, I'll give you five dollars, then I ask you a question and if you get it wrong you pay me five dollars."

"No," she says. "I just want to sleep."

He keeps asking and she finally gives in when he says he will pay her 500 dollars, but she still only has to pay five dollars.

"What's the distance from the earth to the moon?" he asks.

She gives him 5 dollars. "What goes up the hill with four legs and comes down with five?" she asks.

He pulls out his laptop and searches it, but finds nothing. Then he emails his friends. After an hour, he still hasn't got an answer, he hands her 500 dollars. Then he asks her: "So what is the answer?"

She hands him 5 dollars.
