The Object of Rotary

THE FOUR WAY TEST: OF THE THINGS WE THINK, SAY, AND DO

1. *Is it the TRUTH?*
2. *Is it FAIR to all Concerned?*
3. *Will it build GOOD WILL and better Friendships?*
4. *Will it be BENEFICIAL to all Concerned?*

Dick McKinley, Director

Paso Robles Department of Public Works

As the name implies, the Department of Public Works keeps all Paso Robles city facilities working to serve the public. As Director of Public Works, Dick McKinley oversees the development, operation and maintenance of streets, public transportation, parks, sewers, and trash disposal with a staff of 56 employees and a budget of over \$32 M. One less obvious responsibility for the department is compliance with federal & state stormwater regulations mandated by the 1972 Clean Water Act and the State Water Resources Control Board. As McKinley notes, these regulations are an unfunded mandate, so a big part of the challenge is making compliance affordable to smaller cities like Paso Robles.

Dick McKinley (*right*) has been involved in public works activities since 1982. He was appointed to his current position in April 2015 having previously worked in a similar role in Surprise, AZ, and numerous localities in WA State. Dick was born in Michigan and holds a BA in economics from Michigan State University and an MPA from Portland State University. He and his wife reside in Paso Robles. They have 4 children and 4 grandchildren.

Paso Robles participates in the Phase II Municipal Storm Water Program mandated by the State Water Resources Control Board. The program requires the development & implementation of a Storm Water Management Plan (SWMP) to reduce or eliminate pollutants in stormwater runoff and non-storm water discharges. The plan allows some flexibility in meeting its requirements so Paso Robles utilizes rain gardens and bio-swales rather than more expensive treatment plants or underground vaults. One more recent example is the 12th Street "Green Street" project, a \$2 M street improvement project running from Spring to Fresno Street that has a planted stormwater retention area between the street and sidewalk. The Public Works Department works hard to ensure that these designs meet all mandates while being attractive and increasing local property values.

Petra Peacebuilders

Club members were provided a brief presentation by past District Governor Loretta Butts and Bianca Neff (*left*), on Petra Peacebuilders, an international non-profit group dedicated to peace building through resilience. Petra is comprised of experienced peacebuilders who are trained to provide staff care for international humanitarian field personnel in ways that other counselors and coaches cannot, by virtue of their specialized training in international conflict dynamics. Their work is multi-faceted, incorporating relief aid, education, economics, government, infrastructure and nation building, and many other arenas. We all contribute to Petra through a Rotary Global Grant that helps pay for scholarships for peacebuilders like Bianca. Learn more at <http://www.petrapeacebuilders.org>.
