The Object of Rotary

THE FOUR WAY TEST: OF THE THINGS WE THINK, SAY, AND DO

1. *Is it the TRUTH?*
2. *Is it FAIR to all Concerned?*
3. *Will it build GOOD WILL and better Friendships?*
4. *Will it be BENEFICIAL to all Concerned?*

Randy Canaday, Department Chair & Instructor Paso Robles High School Skills USA

Last Thursday, our club members were treated to another tasty lunch at the Culinary Arts Institute. The Institute served as an excellent backdrop for the presentation on Skills USA, a partnership of students, teachers, industry and the community dedicated to ensuring America has the skilled workforce it needs for our 21st century economy. This will be the 50th year of Paso Robles participation in Skills USA that originated 54 years ago in Kentucky.

Randy Canaday leads PRHS in developing the large cadre of students who participate at the local, state, national and even international level in Skills USA competitions. Randy is very proud of the 63 students that have qualified this year for the state competition and he anticipates that many of these will qualify for the Nationals held in Louisville, KY.

The success enjoyed by our local students is not surprising given Randy's no-nonsense approach to preparing students. Randy began coaching students in 1991. Prior to teaching, he owned an electrical contracting business that provided him perspective on what business owners are looking for in new employees. He noted that in the old days, companies were just looking for employees with the right technical skills. But times have changed. Today, employers are equally concerned that job candidates show up on time, stay past lunch, and come back the next day. They need to know not only how to read a tape measure correctly, but also pass a drug test. So Skills USA provides a holistic program to teach technical, communication, social, and ethics skills. Randy places great emphasis on providing students with the opportunity to learn planning, organization, decision-making, teamwork and leadership skills that are coveted by employers. Randy introduced two students, Mason Steiner and Madison Harris, who have won numerous gold medals at state competitions and exemplify many of the the terrific attributes that Skills USA develops.

The Wisdom of Confucius

Did Confucius Really Say...

- Man who wants pretty nurse, must be patient.
- Lady who goes camping must beware of evil intent.
- Man who leaps off cliff jumps to conclusion.
- Man who runs in front of car gets tired, man who runs behind car gets exhausted.
- Man who eats many prunes get good run for money.
- War does not determine who is right, it determines who is left.
- Man who drives like hell is bound to get there.
- Man who stands on toilet is high on pot.
- Man who live in glass house should change clothes in basement.
- Man who fish in other man' s well often catch crabs.
- A lion will not cheat on his wife, but a Tiger Wood!
