More "Idiots of the Year"

- In Modesto, Steven Richard King was arrested for trying to hold up a Bank of America branch without a weapon. King used a thumb and a finger to simulate a gun. Unfortunately, he failed to keep his hand in his pocket. (helloooooo...!!!)
- An Illinois man, pretending to have a gun, kidnapped a motorist and forced him to drive to two different automated teller machines, wherein the kidnapper proceeded to withdraw money from his own bank accounts.
- Last summer, on Lake Isabella, some folks, new to boating, were having a problem. No matter how hard they tried, they couldn't get their brand new 22 foot boat, going. It was very sluggish in almost every maneuver, no matter how much power they applied. After about an hour of trying to make it go, they putted into a nearby marina, thinking someone there may be able to tell them what was wrong. A thorough topside check revealed everything in perfect working condition. The engine ran fine, the out-drive went up and down, and the propeller was the correct size and pitch. So, one of the marina guys jumped in the water to check underneath. He came up choking on water, he was laughing so hard. Under the boat, still strapped securely in place, was the trailer!
